Subject: Searching Susan"s lotus notes for FOIA
Date: Tuesday, September 05, 2017 12:50:27 PM

Danesha - Susan was able to search outlook for the American Bridge FOIA (no responsive emails), but there was a problem with her Lotus notes set up that prevented it from being searched per the instructions Gary did. I am pretty sure Julia has the ability to access to Susan's notes account (right Julia - I hope!?), so to complete the search we'll need to access it that way. I'm out until Thursday, so I guess if there are issues we can get with Gary to help. Thx!
